

QConsul LLC

Certified Benefit Company · Agile-native, AI-native program and product leadership

PRICING / RATE CARD · VALID THROUGH DECEMBER 31, 2026

Right-sized engagements, transparent pricing

The standard rate is \$425/h. Bundle commitments earn a lower rate on the hours inside the bundle. Every tier above Tune-Up Start includes the Start sprint inside the bundle — governance, security, and ROI per token baseline are prerequisites at every level, never double-billed.

Rates are for reference only; your Statement of Work and governing contract define scope, exact pricing, billing increments, taxes, expenses, and terms.

ON AI-RELATED COSTS

AI licensing and platform token costs are scoped during Tune-Up Start. These costs sit outside QConsul's control — billed directly to you by your AI platform vendors under your vendor contracts — and any vendor-specific cost estimates QConsul develops with you are subject to change at your vendor's discretion. QConsul defines expected ranges and ROI per token targets so spend stays a deliberate investment, and collaborates with you during RACI definition to assign an internal owner who monitors spend on a regular cadence — designed to continue well past QConsul's engagement.

TIER	HOURS	RATE	BUNDLE TOTAL
Standard Rate For focused, ad-hoc work that does not need a bundle — for example, AI platform training, a workshop, a targeted review, or extending an existing platform or workflow to a new use case.	—	\$425/h	—
Tune-Up Start (2-Day Sprint) Two-day sprint to baseline governance, security, and ROI per token. The on-ramp for every engagement.	16h	\$425/h	\$6,800
Tune-Up Project (includes Start) A focused multi-week engagement on a defined problem. The Start sprint is bundled inside — never double-billed.	80h	\$350/h	\$28,000
Tune-Up Program (includes Start) A program-scale engagement bridging strategy and embedded delivery. The Start sprint is bundled inside.	160h	\$325/h	\$52,000
Fractional Embedded Portfolio (Embedded; includes Start) Embedded fractional program and product leadership at portfolio scale — full-time for roughly half a year, or part-time across a longer arc. The Start sprint is bundled inside.	1000h	\$295/h	\$295,000

Bundle total = hours × rate for the bundled commitment; reference figure only — the SOW and governing contract control.

Notes

1. Benefit Companies offer reduced rates to qualifying 501(c)(3) organizations. Inquire to confirm availability.
2. This Pricing / Rate Card is for information only and does not modify any existing or future contract; if there is any conflict, your SOW and contract control.
